

When seeking an adjournment of the §341 Meeting of Creditors, please ensure all income documentation has been submitted to kscfinancials@det13ksc.com prior to sending your request. Cases where all income verification documents required by LBR 2003-2(c) have not been provided will be marked as not held/not adjourned. Once documents have been submitted, you may contact our office for new dates; otherwise, new dates will be addressed at the confirmation hearing.

If your client is unable to attend the §341 meeting and all documents have been submitted, you must contact our office no later than the Tuesday prior to the hearing with your request. Our office will supply new dates in a stipulation. You may either print, sign and scan to return the document, or give permission in an email to sign on your behalf. If you miss the Tuesday deadline for requesting a formal adjournment in advance, you may still advise our office that you or your client will be unable to attend. The meeting will be marked as not held/not adjourned and an adjournment can be requested any time after the original hearing date up to the time of confirmation.

For questions regarding adjournments, please contact Shannon Horton at shannon@det13ksc.com.
